

Term 2 Update #1

Maleny Independent School

We are back and have been busy in our experiential learning!

We are enjoying maths as we explore fractions and have been presenting our research on natural disasters. We have also been exploring the history and environmental impact of paper-making and made paper out of old cotton sheets and jeans with a hollander beater!

Now the sun is back we have been out and about playing tennis in the mornings and weeding, mulching and whipper-snipping in the Maleny Co-op garden as we prepare the area for building a small shade shelter for the community to enjoy. We are enjoying the fruits (lemons and mandarins) of our labour.

A busy week ahead...

Friday **4 May** we are off to the Environmental Projects Day at Point Cartwright Reserve. We need to leave the school at **7:15am sharp** and will be returning about **4:30pm**.

Sunday **6 May** we will be taking our paper-making skills to the Maleny Wood Expo where will be running paper-making workshops and selling handmade paper and home-made lemonade. We will also be launching "Maleny Organics"... Stay posted for more news about our organic products!

We invite anyone with complaints, concerns, comments or queries to feel free to drop in for a chat, email us, call to arrange a time to talk to River or leave a note in the suggestion box next to the visitors book. Information on how the school manages complaints can be found in our Dispute Resolution Policy. All our key policies can be located on the school website: <http://malenyindependentschool.com.au>. Alternatively, copies can be obtained at school.

Key Dates:

4May
